# PRODUCT INFORMATION

## MILK PAINT

This genuine, environmentally-safe, non-toxic, zero voc's Milk Paint is available in twenty colors that dry to a beautiful velvet finish. Comes in powder form that mixes with water to make pints, quarts or gallons. Also available as a base (no pigment) for adding your own pigments. Color cards and literature are available upon request, visit our website at [www.milkpaint.com](http://www.milkpaint.com) for more information.

## SAFEPAIN

Our newest line of organic milk paint has been especially formulated for walls. From previously painted surfaces to new wallboard with joint compound, SafePaint is self-priming and provides a flat, consistent finish. Water resistant once cured. Mixes easily at high speeds with a portable kitchen mixer or drill paint paddle. Non-toxic, zero voc's. Available in powder form that mixes with water to make pints, quarts and gallons.

## CLEAR COAT

A water-based, non-toxic polymer finish for use over Milk Paint to protect against stains, dirt, and abrasion. Satin finish. Also increases washability. Comes in quarts and gallons. Keep from freezing. Do not apply below 60° F or in humid conditions. Note: may not protect against certain kitchen oils.

## EXTRA BOND

A water-based, V.O.C. free, low odor, non-toxic polymer additive for Milk Paint that greatly improves adhesion to non-porous surfaces including close-grained hardwoods. Comes in pints, quarts and gallons. Keep from freezing. Do not apply below 60° F.

## ANTIQUE CRACKLE

A natural gelatin that is brushed on before the final coat of Milk Paint (also works with some other water based paints), to provide an "alligatored" or crackled look. Non-toxic and biodegradable. Freeze/thaw compatible. Flows easily at 70° F, or higher. Store in refrigerator or freezer for longest shelf life. Comes in pints, quarts and gallons.

## HOPE'S 100% TUNG OIL

A natural, penetrating low gloss finish for use over Milk Paint or on bare wood. Multiple coats provide a durable water resistant coating. Non-toxic, contains no petroleum distillates. Comes in pints, quarts and gallons.

## DADDY VAN'S ALL NATURAL BEESWAX FINISH

A furniture "polish" containing pure unrefined beeswax, natural emollients and botanicals. Non-toxic- no petroleum byproducts or solvents. Will help protect a milk painted surface from waterspotting. Available in unscented (100% food safe), with Lavender Essential Oil, and with Lavender & Sweet Orange Oil-great for kitchen cabinets. In 5 and 32 ounce tins.
